Re: Youngsville WD
Boil Water Order
Youngsville, NY

Dear Supervisor Bose,

Results of laboratory analysis from water samples collected within the Youngsville Water District on October 31, 2021 and November 1, 2021 indicated the water supply to be of a satisfactory bacteriological quality at the time of sampling. The Boil Water Order issued by this Department on October 26, 2021 is hereby rescinded and normal use of the water supply distribution system may resume.

Public notification must be made in a manner reasonably calculated to reach all persons served by the water supply within 24 hours. One or more of the following forms of delivery are acceptable:

- 1) local broadcast media such as radio or television
- 2) hand delivery of notice to persons served by the water system
- 3) posting the notice in conspicuous locations throughout the area served by the water system

If you have any questions regarding this matter, please contact this office at (845) 794-2045.

Sincerely,

Chris J. Coddington
District Director
